Dear Sir:

AMENDMENT

IN THE CLAIMS:

In response to item 1 of the Office Action

1. (original) A chewing gum base comprising:

- a) ultra high molecular weight polyvinylacetate with molecular weight ranging between about 100,000 and about 600,000 daltons;
- b) a plasticizer;
- c) and a filler.

2. (original) The chewing gum base of claim 1 wherein said plasticizer is selected from the group consisting of triacetin, acetylated mono- and di- and triglycerides of short chain fatty acids, acetlyated mono- and di- and triglycerides of medium chain fatty acids, acetylated monoglycerides of long chain fatty acids, methyl ester of rosin, low molecular weight PVAc and combinations therof.
